Volunteer Internship Program

a program of the

State Department of Labor & Industrial Relations

If your response to all of the above questions is YES, then we invite you to participate in the Department of Labor & Industrial Relations’ (DLIR) **VOLUNTEER INTERNSHIP PROGRAM (VIP)**. **VIP** was developed in response to Hawai‘i’s growing job loss. It is a voluntary program that allows job seekers, especially those receiving unemployment insurance (UI) benefits, to gain workforce training. Eligible UI claimants continue to receive their UI benefits while gaining and demonstrating their skills and talents. Upon successful completion of training, Interns receive certification of job skills acquired and considered for employment.

Your business benefits because DLIR will pre-screen interns for you and provide limited medical coverage. **VIP** is voluntary and after you have trained an intern, your business has the discretion to offer the intern a job.

If your business would like to participate, please go to **<http://hawaii.gov/labor/vip>** for more information and to register. The information you provide about the kinds of positions you have will help us to assess potential interns and make a match.

For contact information, see the back of this card.
